OFFICE OF THE SECRETARY TO THE PRESIDENT

New Delhi, the 25th August 1953

No. 31-Pres./53.—The President is pleased to award the President's Police and Fire Services Medal for gallantry to the undermentioned officer of the Madhya Pradesh Police:—

Name of the officer and rank.—Shri Babulal, Constable No. 159 (deceased), Government Railway Police, Nagpur.

Statement of services for which the decoration has been awarded.—On 30th January 1953 Constable Babulal spotted on the Nagpur railway station platform two habitual criminals, Nandya Mahar and Sheikh Daud, who were wanted by the Government Railway Police, Nagpur, in two previous cases. Constable Babulal caught hold of Sheikh Daud and, with the help of Constable Mansaram, marched both the culprits to the Police Station. On the way Nandya Mahar took out a knife, but was prevented by Constable Mansaram from using it. Sheikh Daud, in the meanwhile, took out a 'bichua' from his pocket, but the constable did not loosen his grip at the sight of the naked weapon. The criminal then drove the 'bichua' six inches deep into the constable's left thigh, cutting the main artery and veins. Despite this serious wound which bled profusely, Constable Babulal dragged the culprit on, until he staggered and fell down due to loss of blood. He was removed to the hospital immediately, but in spite of all possible medical aid succumbed to the injury.

Constable Babulal displayed outstanding bravery and devotion to duty for which he ultimately laid down his life.

2. This award is made for gallantry under rule 4(i) of the Rules governing the award of the President's Police and Fire Services Medal and consequently carries with it the special allowance admissible to officers of and below the rank of Inspector of Police as provided in Rule No. 5.

No. 32-Pres./53.—The President has been pleased to award the Police Medal for gallantry to the undermentioned officer of the Uttar Pradesh Police:—

Name of the officer and rank.—Shri Nanak Chand, Constable No. 400 C.P. (deceased), Aligarh District.

Statement of services for which the decoration has been awarded.—On receipt of information in the evening of July 9, 1951 that a gang of dacoits had gone along a canal bank with the intention of committing a dacoity, Sub-Inspector Babu Khan, Station Officer, Iglas, immediately proceeded in that direction along with a few constables from his thana, including Constable Nanak Chand and an armed guard, in order to intercept the gang.

On reaching the canal bridge near village Beohara about mid-night, the Sub-Inspector decided to wait there for the gang. Soon after, they heard foot-steps of some persons whom they took to be ordinary villagers; but when these men were within 8 yards of the bridge, the Sub-Inspector realised that they were dacoits, and challenged them. One of them replied immediately by opening fire. The Sub-Inspector at once lay down on the ground, but Constable Nanak Chand charged at the dacoits and came to grips with the one who had opened fire with his revolver. This led to reopening of fire by the dacoits as a result of which Constable Nanak Chand received two bullet wounds. Almost simultaneously the Police opened fire and shot dead the dacoit with the revolver. The constable was immediately rushed to the hospital at Aligarh, but did not survive.

Besides the dacoit who was shot dead, another was arrested with a S.B.B.L. 12 bore gun. The gang left behind a bag, which was found to contain two country-made 12 bore revolver and a number of cartridges. The Sub-Inspector also snatched a D.B.B.L. gun from one of the dacoits who managed to escape.

In this encounter Constable Nanak Chand showed courage and bravery of a very high order and gave his life in the discharge of his duty.

2. This award is made for gallantry under rule 4(i) of the Rules governing the award of the Police Medal and consequently carries with it the special allowance admissible to officers of and below the rank of Inspector of Police as provided in Rule No. 5.

RESOLUTION

TARIFFS

New Delhi, the 29th August 1953

No. 28(2)-T.B./53.—The Tariff Commission has submitted its report on the continuance of protection or assistance to the Plywood and Teacheest Industry on the basis of an enquiry undertaken by it under section 11(c) read with sections 13 and 15 of the Tariff Commission Act, 1951.

Government accept the main recommendation of the Commission that the existing protective duty of 31½ per cent. *ad valorem* should continue for a further period of 4 years with effect from 1st January 1954.

Government note with satisfaction the improvement in the quality of Indian teacheests to which the Commission has referred in its report. As recommended by the Commission, the Teacheest Committee will be asked to collect data regarding the actual experience of consumers about the panels manufactured with different species of timber and to make suitable recommendations for the revision of the present schedule relating to different species of timber in the tentative specifications of the Indian Standards Institution. Government also accept the recommendation of the Commission that there should be stricter inspection by Government Inspectors before approval is granted to new factories.

The actual volume of production in 1952 was 4.5 million sets as against a demand of 5 million sets per annum estimated by the Commission. The Commission has expressed the view that taking the stock position at the end of 1952 into account, no imports would be needed in 1953, but if the tea position improves, a small quantity of teacheests to cover the gap between domestic production and requirements will need to be imported. The Commission has, further suggested that in that event the system of linking import with purchases from the domestic industry, which was in force at one time, should be continued.

The import policy for the two half years of 1953, has already been announced. No imports were licensed during January—June 1953, and only a small quota of 5 per cent. has been announced during July—December

1953 to meet the requirements of superior packing for high-grade tea. Import policy in the future will, as in the past, be determined by Government in the light of the prevailing conditions of internal production and demand and the availability of foreign exchange.

The attention of the Industry is invited to the following recommendations of the Tariff Commission:—

- (1) A teabest should ordinarily contain 115 lbs. but in no case more than 120 lbs.
- (2) The indigenous manufacturers should endeavour to improve the quality of their products by rigorously conforming to the standard specifications laid down by the Indian Standards Institution.
